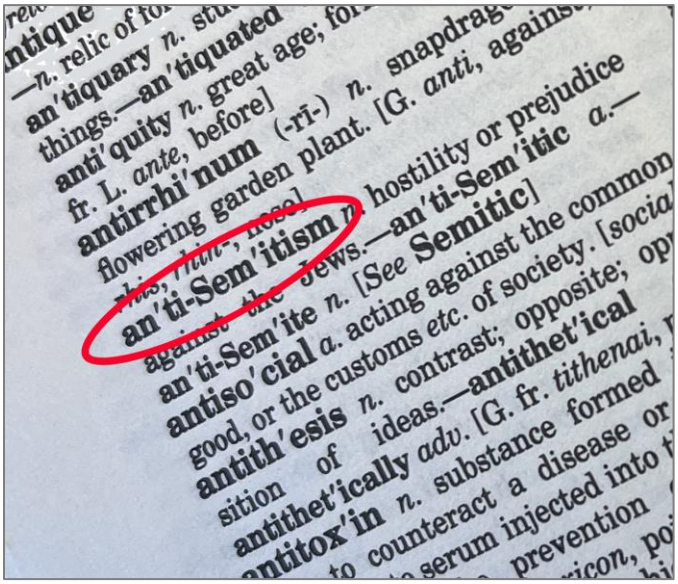
Antisemitism in Canada-its history, its mutations, its incidence and how to combat it!

Fredericton's Jewish Community is very concerned about the recent rise in antisemitism, in Atlantic Canada and across the country. This "*Living to Learn*" session is designed to increase awareness and understanding of the issue and what can be done about it.



The presentation will address the following questions.

What is antisemitism?
What is its incidence in Canada?
What forms has it taken historically and what is its newest mutation?
What are some strategies to combat it?

The presentation will be 40 minutes followed by a question-and-answer period. Rod Campbell, President, NBSRT Central Branch, will moderate the Q&A.
